TECHNICAL PARAMETER

Power: AC110V-240V 50-60Hz
Lamp: MSI 1200W
Power: 1600W
Control: DMX 512
Channels: 24CH
Size: 630×585×890mm
N.W: 52kg
G.W: 59kg

PERFORMANCE TRAIT

8 main colors adding 8 mixed colors, achieving high speed single way rainbow and scrolling effect
Mechanical linear DIMMER and 1---10 times/s high speed strobe effect
Horizontal 540° and vertical 252° scanning range, smooth scanning action and accurate orientation
Precise adjustment on horizontal and vertical position
Precise speed adjustment on horizontal and vertical position
Stopper function on the rotating effect wheel and position moving
5 rotating elegant GOBO (3 stainless rotating GOBO+1 glass+1 white)
Pattern internal light rotating function, freely adjusting fast, low speed,clockwise and anticlockwise
GOBO position adjustment
Automatic focusing function
Double manifler, color temperature effect
Fog manufying Prism,comet lens, repeated pattern prism effect, prism automatic rotating effect
3 primary color effect(C,M,Y)
3 primary speed adjustment
Built-in over heat protection and high voltage protection
Compatible with DMX 512 international digital single
According to various kingd of safety standards, IP20 protect grades,the cable accords to the CE20/22 standard
